## Partner with PayG Payment Solution Provider

We sit at the centre of your business to help guarantee your clients can pay with their debit and credit card as well as their locally preferred payment methods such as local bank transfers or prepaid vouchers.

We have an abundance of industry information and can help you in choosing the best and most applicable payment methods to accomplish your objectives. At the same time, we value stability and security above all. That's why our platform was built to be highly secure, with full PCI-DSS compliance.

## Why Partner with PayG?

Partnering with PayG means spending less time maintaining payment systems, and having more time to focus on core customer and product experiences. Our payment solution works with many business platforms, such as shopping carts, ERP and CRM systems, and more. So you can start processing payments immediately. We focus on rapidly evolving payment technologies, the support you need to succeed in new environments, and the professionalism to represent you and your business. With PayG you get detailed, real-time reports about the success of each customer you have referred and analysis of earnings trends.

## Monetize your Revenue with our Partner Program

We build our solutions around you. Being at the forefront of digital payments we offers advanced payment solutions to suit all your business needs and requirements. Our partners build innovation and programming that bring more organizations on the web, empower new kinds of organizations, and assist them with working all the more successfully. We have structured a program to help quicken and intensify their effect. PayG provides a sophisticated payment solution to our clients looking to expand their global reach. When security and internationalization are a top priority, it's our top recommendation.
